

God of All Creation

The Universal Father is the God of all creation, the First Source and Center—the initiator—of all things and beings. First think of him as a creator, then as a controller, and lastly as an infinite upholder.

The Universal Mother also is the God of all creation—as the womb, the focalizer, and the upholder of all things and beings. First think of her as a totality attitude, then as a coordinate actor, and lastly as a cosmic overcontroller.
