

Nonactuality and Unreality

If you give a nonfact form in your mind, that is a figment.

If you give untruth (falsehood) form in your mind, that is error.

If you give ungoodness (badness) form in your mind, that is evil; and if you further give it pattern, making it unrighteousness (wickedness), then that is sin--and the fullness thereof, iniquity.

(reflections by Chris Halvorson)
